BREAKTHROUGH TECHNOLOGY • ENVIRONMENTALLY FRIENDLY

Surfaces Stay Cleaner Longer™

Simix® Green RPM System™ cleaners & sealers are true green products that will improve overall appearance and lower maintenance costs. Our products are user friendly and makes all surfaces easy to maintain to help you become Actively Green™

CLEANS-POLISHES-PROTECTS

1 PRODUCT PROTECTING ALL SURFACES™

STREAK-FREE

It's easy being green!

- ✓ Helps prevent the growth of algae, mold, bacteria and viruses
- ✓ Turns ordinary windows into self-cleaning, high-definition windows
- ✓ Streak-free glass, mirrors and all reflective surfaces
- ✓ Fingerprints, hard water spots, grease, grime and dust come off treated surface with a mist of water and a microfibers cloth
- ✓ Prevents hard water & soap scum build-up in shower enclosures
- ✓ Seals surfaces to stop oxidation and protect paint, metal and gel coat

Where to Use: Hospitals & Health Care Facilities • Schools & Universities • Retail, Office & Municipality Areas • Commercial/Residential Kitchens & Bathrooms • High Traffic Areas

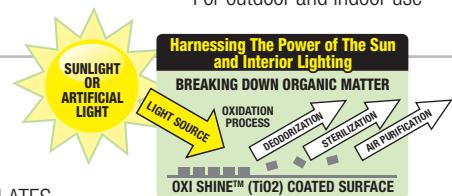

Surfaces: Windows - Mirrors - Shower Doors & Enclosures - Stainless Steel Appliances plus all other Appliance Surfaces
 - Granite - Leather - Canvas - Chrome - Aluminum - Fiberglass - Stainless Steel - Eisenglass - Strataglass - Plexiglas
 - Lexan - Wood Furniture - Pianos and other Musical Instruments - Barbecue Grills - Patio Furniture
 - AC Cabinets and Lawn Equipment

Available in 24 oz. bottle w/trigger sprayer and 64 oz. refill

PRODUCT DESCRIPTION: Once sealer has been applied, the Self Cleaning NP Technology utilizes the Ultra Violet Rays of the Sun and artificial lighting to prevent the growth of algae and mold and help breakdown new deposits of grease, oil, road grime and urine. Since UV Light is abundant even on cloudy days or in shaded areas, this process works nonstop throughout the day and in most artificially lighted areas.

DOES NOT CONTAIN HARMFUL PETROLEUM DISTILLATES

For outdoor and indoor use
